Summary

▪ I am a passionate Frontend Developer dedicated to converting any design to Interactive Web Pages.

▪ I would love to contribute to the mission of helping people by creating useful websites.

▪ I am seeking a challenging opportunity to join a fast-growing environment, utilize my experience in Frontend Web Development, and enhance my background in Full-Stack Web Development using MEA/RN.

▪ To gain more coding experience, I have successfully completed Web Development Challenger Track, Web Development Professional Nanodegree and React Development Cross-Skilling Nanodegree; Powered by egFWD, and Intensive Training Program of Full Stack Web Development using MEARN; Powered by Information Technology Institute (ITI).
